EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. The changes only involve correcting of claim status identifier (i.e. changing the phrase "presently amended" to "currently amended". Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

1. (Currently Amended) A solid-phase porous sorbent material having an average pore diameter, wherein said solid-phase porous sorbent material comprises sorbent particles having at least one interior through-bore channel therein and wherein said interior channel has an average transverse dimension at least one order of magnitude (10x) larger than said average pore diameter of said solid-phase porous sorbent material.

33. (Currently Amended) A channelized sorbent material having an average pore diameter, wherein said channelized sorbent material comprises sorbent particles having one or more interior through-bore-channels, and wherein said interior channels have a transverse diameter at least one order of magnitude (10x) larger than the average pore diameter of said channelized sorbent material.

End of Amendment.
